CANDY FESTIVAL

The Taste of Sweet & Happiness

MAGNA
sweets and more

FROM NEWCOMERS TO LEGENDS

Curtain up for pure flavor! Welcome to the sweetest festival of the year. Our products bring real energy to every campaign and let your audience taste the beat of your brand. Because let's be honest: good advertising is like good music – it sticks in your mind, sparks emotions, and creates unforgettable moments.

From the subtle brand ballad to the full-on flavor headliner – we've got the right product for every stage. And our team is here to help you find exactly the promotional treat that will wow your target audience.

So: lights on, sound on, flavor on!

Get inspired, surf through the pages, and explore the **Candy Festival '26** – the line-up that hits every taste.

USEFUL INFORMATION

Important indications / FAQ		178
General terms and conditions / notes		179

OUR CONTRIBUTION

RITTER SPORT OUR COCOA

Since 2018 Ritter Sport only uses certified and sustainable cocoa. One part comes from their own plantation and others from direct purchases of partners and cooperation.

Tony's Chocolonely chocolate is Fairtrade certified and guarantees 100% slave-free chocolate with its own Tony's Open Chain logo.

UTZ CERTIFIED

The UTZ seal on a product means the raw materials come from sustainable resources, cocoa for example. All farmers must show sustainable farming, have fair working conditions and no child labour.

OUR FAIRTRADE LOGO AT A GLANCE

If the product is a mixed product (e.g. cookies, chocolate), the Fairtrade product seal is also marked with an arrow that refers to further information on the reverse side. In the case of mixed products with this seal, all ingredients that are available under Fairtrade conditions must be Fairtrade certified. Products produced with volume compensation are also marked with the arrow next to the seal. This is possible for cocoa, sugar, fruit juice and tea.

Only the ingredient specified in the logo in the mixed product is Fairtrade certified - for example, the amount of cocoa required for a chocolate bar was purchased under Fairtrade conditions.

LINDT & SPRÜNGLI FARMING PROGRAM

Lindt follows its own reception model for cocoa beans, which allows complete retraceability. Their own Farming Program supports local farmers to lead their plantations ecologically, socially and economically, to increase income and harvest.

FROM THE REGION

Most of our products are produced and packed in Germany.

WE ♥ BEES

With our sponsorship for a bee hive, we contribute to the preservation of bio diversity. We also help the creation, cultivation and maintenance of large meadows for bees, grassland and meadow orchards

The organic seal guarantees standards for organic farming. A product marked with the organic seal, requires 95% of its ingredients to originate from ecological cultivation.

JOBRAD

Fit and eco-friendly on the way to work – a fitness program during the commute, plenty of fresh air, and CO2 savings on the side: our employees have been enjoying our JobRad® program for years.

© JobRad, jobrad.org

RENEWABLE ENERGIES

The electricity we require for our production facilities is partially generated by our own photovoltaic power plant. Furthermore we provide district heating from renewable resources.

779

MWh produced

316 tons of CO₂ emissions saved with our own photovoltaic system.

We create opportunities for people with disabilities to be part of the working life. For many years, we have been cooperating with a sheltered workshop.

FOREST STEWARDSHIP COUNCIL®

In the German-speaking region, the most established name for responsible forest management is the Forest Stewardship Council® – commonly known as FSC®. It's an international, non-profit organization with the global goal, to make ecological and socially responsible forest management visible on products, with the help of its seal. Most of the paper products in this catalog are FSC®-certified. Look for our FSC®-certified products.

CYCLEPAPER

THE NEW PAPER BAG

(WITH ADDITIONAL CHARGE)

CyclePaper is a fresh, paper-based packaging material. Made mostly from bio-based ingredients, it's an eco-friendly alternative to traditional promo bags.

What makes CyclePaper special?

- > **Simply toss it in with your regular paper recycling**
The bag goes straight into the paper bin – and can be fully recycled there.
- > **Made from paper and fully bio-based**
The material is made from natural, renewable resources.
- > **As powerful as conventional packaging**
Even though it's paper-based, CyclePaper offers strong protection – **perfect for jellies, nuts and other snacks.**
- > **Up to 9 months of product shelf life**

“ LONG STORY SHORT: ” *CyclePaper is a recyclable, versatile paper bag that adds a good feeling to every promo pack – and a touch of the future, too.*

... TYPES OF FOIL ...

The perfect packaging is more than a wrapper – it's a stage.

We combine creativity with technology to put your promotional products in the spotlight. With modern films, precise printing processes and a strong network of partners, we create solutions that truly leave an impression. And because standing still isn't an option for us, we're constantly developing new ideas, materials and finishes that make your brand unforgettable.

NEOH

THE NEW SNACKING EXPERIENCE

SO MUCH MORE THAN ZERO

All NEOH products are completely **free from added sugar** – yet still deliver full, authentic flavour. NEOH chocolate keeps your blood sugar level stable, allowing for mindful enjoyment without any guilt. A powerful example: one portion of NEOH chocolate contains only 1 g of net carbs – and still tastes absolutely heavenly!

On top of that, all NEOH products provide valuable plant-based fibre that supports your body in the best possible way. Snacking has never been a smarter choice!

CARAMEL NUTS

A treat for lovers of sweet and creamy moments. Velvety caramel meets crunchy nuts and a delicious chocolate coating – all without added sugar.

COCONUT

Exotic coconut flavor combined with delicate chocolate – the perfect snack for anyone seeking a tropical escape.

BERRY

Fruity and refreshing. A harmonious blend of berry flavors and fine chocolate, naturally sweetened.

TRIPLE HEROES

TONY'S CHOCOLONELY

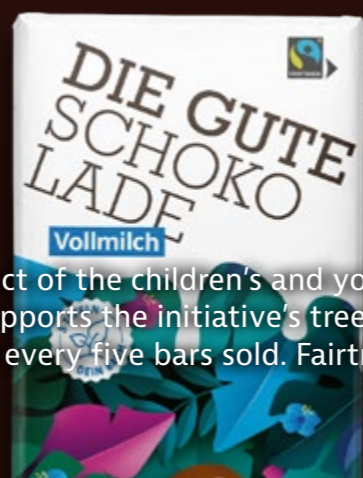

TONY'S CHOCOLONELY advocates for fair conditions in cocoa production: no child labor or slavery. Unlike Fairtrade, TONY'S CHOCOLONELY pays an additional premium when plantations are proven to be free from child labor and slavery. Furthermore, TONY'S is committed to providing farmers with training to manage plantations in an economically and ecologically sustainable way.

GEPA

Hey chocolate fans! Chocolate makes you happy. Especially in the delicious bars from GEPA. But it's not only the link between chocolate and happiness that's proven – it's also clear that fair, social and sustainable trade can make life better for people in the growing regions. And with every bar, you actively help make that happen.

THE CHANGE CHOCOLATE

The Change Chocolate is a product of the children's and youth initiative Plant-for-the-Planet. A portion of the sales proceeds supports the initiative's tree-planting project, as one new tree is planted for every five bars sold. Fairtrade certified!

<p>Three heroes – one powerful message</p> <p>Under the motto "Stronger together, with a fair mindset", this special packaging brings together three sustainable chocolate brands: one GEPA bar, one Tony's Chokolonly bar and one bar of The Change Chocolate. Presented in a fully customisable, FSC®-certified cardboard box with viewing windows. As an added bonus, an information card is included with background details on each of the respective sustainability projects.</p>

Small pallet, big impact

This original gift box on a mini wooden pallet is a real highlight — especially for the transport and logistics sector. The box can be fully customised and offers numerous filling options. Second life: after the treats are enjoyed, it can be reused practically, for example to store small office items like paper clips — a sustainable promotional gift with added value.

Filling: 2x Lindt HELLO Mini Sticks
(one combination per order possible) Salted Caramel, Crunchy Nougat
Cookies & Cream or Strawberry Cheesecake
or
2x Lindt Lindor Chocolate Truffles
Milk Chocolate and Dark Chocolate
Contents: 20 g (Lindt HELLO Mini Sticks)
25 g (Lindor Chocolate Truffles)
Dimensions: approx. 60 x 40 x 54 mm
Packaging unit: 56 pcs. in carton / 336 pcs. in dispatch carton
Shelf life: approx. 9 months if stored properly

PRINT ORIGATION COSTS (also applies for repeat orders)
CMYK: 99,00 € flatrate / motif
Delivery time: approx. 3-4 weeks after printing approval

A CHOCOLATEY EXPERIENCE – COMPLETELY CACAO-FREE CRAFTED FROM SUNFLOWER SEEDS

ChoViva brings a whole new chocolate-like experience to the stage: intense in flavour, yet completely cacao-free. Instead, it's made from locally grown sunflower seeds — straight from our region. And that's just one of the many reasons why ChoViva is so special.

What does ChoViva taste like?

Simply put: WOW! Visually, it looks like chocolate, and its smooth, melting texture leaves nothing to be desired. Thanks to a special production process, it develops its own unmistakable chocolatey character with fine roasted notes. Naturally made from purely natural ingredients — with no artificial additives or preservatives whatsoever.

Chocolate reinvented

This cacao-free chocolate alternative delivers a smooth, melting taste created from sunflower seeds. In the process, it saves over 80% water and CO₂ compared to conventional chocolate. Available in a personalised bag — sustainable, innovative and delicious.

PRINTING PROCESSES:

Our products are manufactured using various printing techniques: flexographic and digital printing for flexible packaging, pad printing and digital printing for tins, as well as digital and offset printing for advent calendars. The choice of printing process in each individual case is determined by us based on technical feasibility.

Due to the nature of the printing process, minor registration deviations may occur — especially in flexographic printing, up to 5/10 mm. For detailed information on each product, we are happy to provide our technical data sheets.

QUANTITY VARIATIONS:

Technical constraints may result in under- or over-deliveries of up to 10% of the total quantity.

COLOUR REPRESENTATION:

We work with transparent inks, which are not always fully opaque. To achieve the desired colour effect, a white underlay is often required.

We use HKS or PANTONE colours and can reproduce RAL colours only approximately. Colour references such as letterheads or print samples serve for orientation only. Deviations in colour or shade do not constitute a defect and are not grounds for complaint. Please specify your colour requirements as precisely as possible.

Please note that colour appearance on paper may differ from that on film materials. PANTONE colours are reproduced on uncoated papers according to PANTONE Solid Uncoated.

CONSULTATION AND ARTWORK:

Each product and every design requires individual consideration. We are happy to advise you by telephone regarding your artwork; however, we always require your template.

Customer-supplied artwork or films cannot be used — we exclusively work with our own templates. For digital files, we also require a colour-accurate paper proof. Without a template, printing cannot be carried out.

FOOD PRODUCTS:

Food items are excluded from exchange or return. Please inspect the delivery immediately upon receipt and report any defects within 24 hours.

Once goods have left our premises, we assume no responsibility for quality or compliance with food regulations.

TRANSPORT DAMAGE:

Freight damage must be noted directly on the delivery note upon receipt and confirmed by the driver. Damage not recorded at the time of delivery cannot be claimed afterward.

Please ensure proper load securing, lashing and wrapping.

DELIVERY TIMES:

Delivery dates refer to dispatch or the agreed shipping day—not to arrival times. We cannot guarantee fixed arrival dates. Deliveries take place after print approval; without such approval, no delivery date is binding.

Changes made during the correction stage do not constitute approval.

PROOFING AND APPROVAL:

Please check all proofs carefully. Any unclear points may be clarified by telephone. After your approval, we cannot assume responsibility for any errors.

Each approval is binding and constitutes part of the order.

Work already performed will be invoiced if an order is cancelled.

REPRINTS AND PRESS PROOFS:

Even for unchanged reprints, we create corrected proofs. Colour variations are inherent to the process and do not constitute grounds for complaint. Upon request, we can produce press proofs; this may extend the delivery time by several working days.

COMPLAINTS:

For complaints regarding printing or packaging, at least 10% of the affected quantity must be returned in the original unit.

Complaints concerning taste or condition of food products can only be considered if they have been stored properly. Pay particular attention to the temperature-sensitive storage of chocolate or jellies.

PACKAGING AND FILLING:

Our products are packed by count or by weight. Quantity variations per outer carton depend on the product and machinery. The final piece count is checked and documented.

CONTACT AND CONSULTATION:

Our team is available at any time to answer questions regarding products, artwork, digital files and terms.

Please confirm important agreements on delivery times, terms and technical guidelines in writing.

Technical data sheets provide detailed product information — please request these as needed.

We wish you every success with your sweet promotional activities! Our General Terms and Conditions apply; these are enclosed or available upon request.

Most of the paper products in this catalog are FSC®-certified. Look for the "Checkmark-tree" symbol.

§ 1 GENERAL PROVISIONS, SCOPE OF APPLICATION

- (1) These General Terms and Conditions of Sale (hereinafter "GTCS") apply to all sales or deliveries of movable goods (hereinafter "Goods") and all other services provided by MAGNA sweets GmbH (hereinafter "Seller" or "we") to its customers (hereinafter "Buyer"), provided the Buyer is an entrepreneur within the meaning of § 14 BGB (German Civil Code), a legal entity under public law, or a public-law special fund. They also apply to all future transactions, deliveries and services, even if they are not expressly referred to again.
- (2) These GTCS apply exclusively. Deviating, conflicting or supplementary terms and conditions of the Buyer shall not apply, even if the Seller does not expressly object to them in an individual case. Deviating terms shall only apply if the Seller has expressly agreed to their validity in writing.
- (3) Legally relevant declarations and notifications by the Buyer regarding the contract that are made after conclusion of the contract (e.g. setting of deadlines, notices of defects, rescission or reduction) must be provided at least in text form (§ 126b BGB).

§ 2 CONCLUSION OF CONTRACT

- (1) Our offers are non-binding and subject to change unless expressly designated as binding.
- (2) Orders placed by the Buyer constitute a binding offer to conclude a contract. The Seller may accept this offer within 14 days by issuing an order confirmation.
- (3) The contract, including these GTCS, constitutes the entire agreement between the parties. Oral agreements are only binding if expressly confirmed in writing.
- (4) Information regarding Goods (e.g. weight, dimensions, ingredients) is approximate unless mandatory statutory requirements (e.g. LMIV) provide otherwise. Such information does not constitute a guaranteed characteristic.

§ 3 BUYER-SPECIFIC GOODS

- (1) For Buyer-specific Goods, the following provisions apply in addition to the GTCS.
- (2) The Buyer shall provide all data required for designs, artwork files or print templates.
- (3) The Buyer warrants that it is entitled to use the templates and shall indemnify the Seller against any third-party claims.
- (4) The Seller may use the Buyer's trademarks, logos or other identifiers solely for the purpose of fulfilling the contract.
- (5) The Seller may refuse the use of templates that may violate statutory provisions or third-party rights.
- (6) Data provided by the Seller may only be used for the respective contract.
- (7) Digital data for Buyer-specific Goods will be deleted 12 months after invoicing, unless otherwise agreed. Deletion is carried out in accordance with GDPR requirements.
- (8) Delivery will take place after approval of samples or proofs.
- (9) Tools remain the property of the Seller, even if the Buyer has partially contributed to their cost.
- (10) Tools for special productions will not be used for other customers for two years after invoicing but may be used as samples or for advertising purposes unless the Buyer expressly objects in text form.

§ 4 DELIVERY TIMES

- (1) Delivery times are ex works and refer to handover to the carrier or freight forwarder; in the case of collection by the Buyer, they refer to handover to the Buyer.
- (2) Compliance with delivery times requires that the Buyer duly fulfills its obligations.
- (3) Force majeure or unforeseeable events (e.g. strikes, energy shortages, pandemics, delays by suppliers) release the Seller from liability for delay.
- (4) In the event of temporary disruptions, delivery periods shall be extended accordingly; in the event of significant hindrance, the Seller may withdraw from the contract.
- (5) The occurrence of delivery delay is governed by statutory provisions; a reminder is required.

§ 5 DELIVERY

- (1) Delivery is ex works; risk passes to the Buyer upon handover to the carrier or, in the case of collection, to the Buyer.
- (2) Upon request and at the Buyer's expense, shipment to another destination is possible; the Seller determines the shipment method.
- (3) Delivery includes packaging unless otherwise agreed.
- (4) Partial deliveries are permissible and fulfill the delivery obligation proportionately.
- (5) Production-related overruns or shortfalls of ±10% are permissible.
- (6) If the Buyer is in default of acceptance or breaches cooperation duties, the Seller may claim damages (0.5% of the net order value per week, up to a maximum of 5%).
- (7) Risk of accidental loss passes to the Buyer upon acceptance default.
- (8) Transport packaging will not be taken back, except for exchangeable Euro pallets.

§ 6 PRICES AND PAYMENT TERMS

- (1) The prices stated in the order confirmation are binding.
- (2) Prices are in euros, ex works, plus statutory VAT and any applicable customs duties or charges.
- (3) Production-related quantity deviations of ±10% may be invoiced.
- (4) Design costs and production tools for Buyer-specific Goods will be invoiced separately.
- (5) Price adjustments are permitted for delivery periods >30 days; the Buyer may cancel the contract.
- (6) Invoices are payable within 30 days from the invoice date unless otherwise agreed.
- (7) In case of advance payment, delivery periods begin only after receipt of payment.
- (8) If the Buyer's financial reliability becomes doubtful, the Seller may require advance payment.
- (9) Payments are deemed made only when the amount is fully available to the Seller.
- (10) Set-off and retention rights exist only for undisputed or legally established claims.
- (11) If the Buyer's ability to pay becomes questionable after conclusion of the contract, the Seller may refuse performance or withdraw from the contract.

§ 7 RETENTION OF TITLE

- (1) Goods remain the property of the Seller until full payment of all claims.
- (2) The Buyer may not pledge or assign Goods as security; third-party access must be reported immediately.

- (3) If the Buyer breaches the contract (especially by non-payment), the Seller may reclaim the Goods or withdraw from the contract.
- (4) Resale is permitted; the Buyer assigns the resulting claims to the Seller.
- (5) The Buyer must handle Goods subject to retention of title with care and insure them; insurance claims are assigned to the Seller.
- (6) If Goods are at risk, the Seller may take possession itself or through agents.

§ 8 USE AND CONDITION OF THE GOODS

- (1) The Buyer is responsible for verifying suitability of the Goods for legally regulated uses (e.g. food).
- (2) Natural variations in smell, taste, colour or consistency do not constitute defects.
- (3) Minor colour deviations in printing processes are not defects.
- (4) Shelf life requires proper storage by the Buyer.
- (5) Materials supplied by the Buyer must be free of defects; the Buyer indemnifies the Seller.

§ 9 WARRANTY CLAIMS

- (1) Warranty rights follow statutory regulations unless otherwise agreed; recourse claims are excluded for further processing by entrepreneurs.
- (2) The agreed condition of the Goods constitutes the basis for warranty.
- (3) The Buyer must comply with inspection and notification obligations (§§ 377, 381 HGB).
- (4) The Seller may choose between repair or replacement.
- (5) The Seller may make subsequent performance dependent on payment; the Buyer may retain a reasonable part.
- (6) The Buyer must allow adequate time and opportunity for subsequent performance.
- (7) Costs of examination and subsequent performance are borne by the Seller if a defect exists; otherwise by the Buyer.
- (8) Withdrawal or reduction is possible only after repeated failure of subsequent performance; no withdrawal for minor defects.
- (9) Claims for damages are governed exclusively by § 10.

§ 10 LIABILITY

- (1) Liability is based on statutory provisions unless otherwise regulated.
- (2) The Seller is liable for intent and gross negligence. For simple negligence, liability exists only for injury to life, body or health, or for breach of essential contractual obligations (limited to foreseeable typical damage).
- (3) Limitations also apply to legal representatives and vicarious agents.
- (4) The Buyer may withdraw or terminate only if the Seller is responsible; free termination rights are excluded.

§ 11 ORGANIC CERTIFICATION AND SALE OF ORGANIC PRODUCTS

- (1) We are certified under EU Regulation 2018/848 and authorised to process and distribute organic products.
- (2) The Buyer must also be certified under these regulations to market organic products. Without valid certification, the Buyer may not market the products as "organic".
- (3) Proof of certification must be provided upon request.
- (4) The Buyer indemnifies the Seller for claims arising from improper certification or distribution.

§ 12 RECALL

- (1) The Buyer must immediately inform the Seller of consumer complaints, negative test results or regulatory objections.
- (2) The Buyer must provide detailed information regarding a potential withdrawal or recall and name contact persons.
- (3) Decisions regarding withdrawal or recall are made exclusively by the Seller.
- (4) If the Goods have been processed by the Buyer, coordination must take place prior to any recall; external communication requires written approval.
- (5) Costs are assumed only with prior written consent of the Seller.

§ 13 CONFIDENTIALITY

- (1) Confidential information of the Seller must be kept confidential during and after the contract term.
- (2) Documents must be returned or deleted after use or termination; backups are excluded.

§ 14 DATA PROTECTION

The privacy policy of MAGNA sweets GmbH applies.

§ 15 PLACE OF PERFORMANCE, GOVERNING LAW, JURISDICTION, DISPUTE RESOLUTION

- (1) Place of performance is Moorenweis unless otherwise agreed.
- (2) German law applies, excluding CISG (UN Sales Convention).
- (3) Exclusive place of jurisdiction for all disputes is the court of the Seller's registered office.
- (4) If any provision is invalid, the remainder remains effective; statutory law or a substitute provision applies.
